What's Hot!

Sourcefire release new IPS!!

Sourcefire has announced the availability of new appliances, increasing customer agility by giving them the ability to support a wide range of performance requirements.

This launch brings new models and enhancements to the 3D8000 series for high-end performance networks, introduces the new 3D7000 series of appliances for mid-range performance networks, and delivers a new SSL Appliance that delivers lightning fast SSL decryption. Leveraging Sourcefire's FirePOWER-TM technology, these appliances provide customers reliable, high quality, flexible security solutions that also maintain ultra-low latency inspection and security feature parity across the 3D8000 and 3D7000 series.
