

Secure Source Now Silver Peak Distributor

Move More. Go Farther. Spend Less.

We're glad to bring you another new product into this market-Silver Peak. Silver Peak is a privately held company that improves backup, replication and recovery between data centers and facilitates branch office server and storage centralization by improving application performance across the Wide Area Network (WAN). The company's award winning Virtual Acceleration Open Architecture (VXOA) delivers exceptional performance improvements with unprecedented security and scalability across all enterprise applications, including data replication, backup, file transfers, email, web and real time applications such as Citrix and VoIP.
